

WASHINGTON LETTER.

Representative Dannel has introduced a re-apportionment bill on the basis of one Representative in the House for each 180,000 of population. This will add 24 to the membership of the House, making a total of 354 members. Alabama, California, Colorado, Michigan, Missouri, New Jersey, Oregon, Texas, Washington and Wisconsin will each gain one; Arkansas, Illinois, Kansas and Pennsylvania each gain two; and Minnesota and Nebraska three each. Ohio and Virginia each lose one member.

The investigation of the charges against Gen. Raum has degenerated into a farce. The charges having all fallen through, Representative Cooper has been trying to find something by insisting upon the committee's going into all of Gen. Raum's private business affairs. Gen. Raum stated in the beginning that the whole thing was simply an attempt to break down his credit as a business man, and that is certainly the way it looks now.

The Democrats in the House have spent the greater portion of this week indulging in their new method of hide and seek filibustering—answering their names on a call for a quorum, and sneaking out of the chamber before a vote can be taken on the business on hand, which this week has been contested election cases.

The River and Harbor bill has been sent to the President at Carson Springs and it is expected that he will act upon it before next Wednesday, when he will go to the Soldier's reunion at Toledo, Ohio. Those who should know best seem to have no fear of a veto, but there are still a good many who believe that the President will refuse to sign the bill.

Superintendent Porter of the Census Bureau, is the latest official to express a dislike for the present civil service law. Mr. Porter gave the Congressional committee his reasons in detail for believing that the law is a detriment to executive departments of the Government.

Senator Hearst of California is said to be anxious to know what Senator Gorham did with a check for \$22,000 which he contributed for the express purpose of defeating Speaker Reed. He is reported to have said that if he had given \$50,000, Reed would have probably had 10,000 majority.

The final vote on the passage of the Tariff bill was 40 to 29, a strict party vote. It is hoped that the bill can be acted upon by the conference committee within ten days. Senator Plumb's amendment creating a permanent tariff commission, composed of five persons, was adopted. This commission, or one with similar duties and powers, has for a long time been regarded by many prominent political economists as absolutely necessary under our form of Government, in order that Congress may be furnished with unprejudiced and trustworthy data regarding every article of home and foreign production which is on our tariff list. A number of Democrats supported this amendment when it was voted upon separately.

The State Fair.

Next Monday the State Fair will open and promises to be a great success. The officers are making every effort to entertain every one who may favor us with a visit, and a good week's sport is sure to be the result of their labors. So come, everybody, and let us have one week in which all business cares can be laid aside, and the week be devoted to an interchange of ideas that will be profitable in the years to come—Reno Gazette.

THE MANHATTAN
Life Insurance Co.,
OF NEW YORK.

ASSETS - - \$12,000,000.

BETTER THAN A
GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.

For a full explanation of this plan, address, giving your full name, address, occupation and age,

A RARE OPPORTUNITY.

Good Agricultural Land for \$10 to \$20 per Acre.

The Pacific Improvement Company has recently purchased twelve thousand acres of land in the heart of Tehama County, for the purpose of promoting settlement and development. This land embraces lands from first-class agricultural valley agricultural land, to land of fair average quality, and is offered at from \$10 to \$20 per acre, in subdivisions of 4, 8, 16, 32, 64 and 128 acres.

The terms upon which these lands are offered are (including a five percent interest on the purchase price) as follows: The purchaser is to pay the purchase price in five years in which to pay five equal annual installments, with interest at the rate of seven percent per annum, making payments extending over a period of eight years. If the purchaser is assured that this is an opportunity to purchase land of fair average quality at \$10 per acre, and good agricultural land at \$20 per acre, with other grades of land at prices to correspond between the two groups.

The assurance is frequently made that good land, suitable for agricultural and especially adapted for fruit growing cannot be had in California for less than from \$80 to \$100 per acre. A demonstration of the land subject to this advertisement will prove to home seekers that this is an opportunity for the purchase of good agricultural land at \$20 an acre, and for qualities grading down to fair agricultural land at \$10 an acre on terms of payment which should make the disposition of these lands to actual settlers a result easy of accomplishment.

The primary object of the purchase of this body of land was the breaking up of a large holding for the purpose of promoting its settlement in smaller quantities and its devotion to diligent husbandry.

Land Agent of the O. F. A. R., Fourth and Townsend Streets, San Francisco, Cal.
